

Impact of the Growth of Information and Communications Technology

Instructions for use: Fill out using Acrobat Reader then save to your PC once completed.

Task 1

Can you identify three positive and three negative effects social media can have on our lives?

You can consider your own experience or information you see in the news and on TV.

Positive impacts	Negative impacts

Task 2

Think about how different public services use social media, and what the advantages might be.

Public service	Social media and how it is used to help them	What are the advantages?
